

Jeremiah Egemonye

Ajao estate, lagos / jeremiahegemonye12@gmail.com / 09161760462

Summary

Highly motivated software engineer with a strong interest in frontend engineering and cloud computing. Proficient in web development and eager to expand my knowledge in cloud platforms like AWS. Developed a serverless web application using AWS Lambda, demonstrating my ability to apply knowledge practically. Excited to learn from experienced professionals and contribute to a collaborative cloud and software engineering team with my strong work ethic and organization skills.

EXPERIENCE

HIIT PLC

Frontend developer intern, Ikeja, Lagos

08/2023 - 11/2023

- Created custom websites by harnessing HTML, CSS and JavaScript skills.
- Implemented innovative coding solutions to resolve complex technical challenges and enhance system functionality.
- Collaborated with web designers to match visual design intent.
- Wrote clean, clear and well-tested code for various projects.
- Utilised version control systems to manage and track changes in codebase.

FIRST BANK NIGERIA

Frontend developer intern, Iganmu, Lagos.

08/2024 - 01/2025

- During my internship, I gained experience in working with React, creating dynamic user interfaces.
 - I learned and applied Tailwind to design and build responsive websites.
 - I was creative in my application of HTML, CSS, and JavaScript to deliver user-friendly interfaces.
 - Resolved technical issues with innovative coding solutions, contributing to the success of projects.
 - I ensured visual design intent was met by working closely with designers during my internship.
-
